THE OFFICIAL NEWSLETTER FOR PARENTS OF
TEURLINGS CATHOLIC HIGH SCHOOL STUDENTS

NOVEMBER / DECEMBER, 2004

From Our Principal .

Over the past few months we have been reviewing our resources and evaluating the many programs here at Teurlings Catholic in preparation of the Southern Association of Colleges and Schools (SACS) self study we have begun. Our research only affirms our insight as to why TCH is a very special place. Thanks to the support and generosity of the TCH family, we have many excellent programs offering numerous opportunities for our students' varied interests. Support for these programs comes to us in many forms; spiritual, financial, and moral; all of which help our school to achieve excellence. The two definitions of the term achievement which I like best are as follows: being able to look back and see how far you've come; reaching or exceeding goals. To get something done is an accomplishment, to get it done right is an achievement. I think that it would be safe to say that our students are "accomplished achievers."

Our Student Council, under the guidance of Mrs. Amie Adams, planned and executed a fantastic week full of homecoming activities. The participation in the daily activities was phenomenal, the Mass highlighted the return of many alumni who participated in the liturgical celebration, the game and court presentation activities were first class, and the dance was attended by the largest number of students ever.

The Campus Ministry team sponsored grade level retreats, Rebel Revival nights, and Respect Life Month for October. Members of S.A.D.D. (Students Against Destructive Decisions) spearheaded Red Ribbon Week to counteract the influence of drugs and alcohol. The Fellowship of Christian Athletes sponsored a Prayer Breakfast and will hold another in the spring.

Athletic achievements have been numerous. As of this publication, the Lady Rebel Volleyball team sits atop the district standings and will secure another playoff experience. The Rebel varsity football team is currently 6-1 on the season with two district games remaining. The cross country teams have competed well and will vie for district championships. The swimming team has experienced their best fall season to date and several athletes have already qualified for the state championships. Our student-athletes have risen to the challenge and have exceeded the many goals placed in front of them.

Upcoming events include Mole Day, All Saints' Liturgy at Calvary Cemetery, Blood Drive, Veterans Day Prayer Service, 8th Grade Day, Open House, TCH Feeds the Hungry on Thanksgiving Day, Advent Prayer Services, Adopt-A-Family for Christmas, Live Nativity Prayer Service and semester examinations. This listing clearly reflects the excellent job being done by the faculty at TCH and their commitment to our students.

Our students have achieved much with the use of their God-given talents. We have a long way to go before we can reach or exceed all of our goals for the school. Challenge your own children with lofty, but attainable goals. Don't just let them accomplish desired results, but rather, achieve beyond expectations!

All of us at TCH have the desire to continue our quest to maintain and exceed our current standard of excellence and our commitment to an environment where each student's talents can flourish. With your help, support, and prayers, we will achieve.

DISCIPLINE

Terri Baudier - Assistant Principal

Thanks to the parents who attended the Parent Awareness Seminar on September 26 in the Rebel Dome. I think every parent who attended left with something to think about concerning their child. Dr. David Legendre, PhD., Judge Thomas Duplantier, attorney Michelle Breaux of the D.A.'s office, and our drug test vendor representative and parent, Eva Caillier of Lab Express, gave some valuable information concerning the challenges of parents of teens must face. Here are just a few of the facts and/or tips that they mentioned:

" If you have a party at your house and alcohol is available, you are legally responsible for every child there as well as when they leave.

" .02 is the legal limit for a teenager to be considered "under the influence." This level could be reached by drinking about a half a can of beer.

" Make sure when you are out of town, teenagers don't use your house as a meeting place. Ask your neighbors to call you if they see cars at your house.

" Curfew for anyone under 17 is 11:00 p.m., even on Saturdays and Sundays.

" Dig through your child's room, car and book bag regularly!

" Cell phones allow teens to have friends that you will never know about, so check their cell phones often.

" Don't be a buddy or friend to your child, you are supposed to run interference in their lives.

" If you have a hunch something is not right with your child, you are usually right; don't let up.

Contact the school to see if they have noticed anything.

" If your child is willing to take a drug test when you question him, then go through with it. The line "Let's go right now," is a last ditch effort to persuade you to trust them and not go through with it. Most parents feel guilty and don't follow through, and the child wins.

" There are many ways your child can get around drug testing. There are drinks, pills, and devices that help alter the test, and are very easy to get. If you do want to test your child, don't tell him/her, just bring him/her to a testing facility, or use a home test kit right away.

" Feel free to call the school and ask Mrs. Baudier to place your child in the random monthly test if you are uncomfortable doing it on your own.

" Check out the website www.theantidrug.com for any kind of information you want on any kind of drug. It tells you what drugs are popular and what to look for.

" Check your medicine cabinets to make sure all of your prescription pills are there. Make sure you watch your child take his Ritalin. Crushing and snorting this drug is very popular among teens.

" Don't be afraid to ask for help.

ACADEMICS

Marty Heintz - Assistant Principal

Funds for computers

Technology, technology, technology...go anywhere today and "technology" is definitely the buzzword, especially in education circles. Students need computer skills to function in today's world and schools must provide that education. As all of you who have bought a home computer in the last few years know, technology equipment does not come cheap. We have worked hard here at Teurlings the last few years to increase student access to computers and the Internet and to provide our teachers with the latest computerized teaching tools. However, we still have a long way to go to meet the 2006 state mandate of five to six student computers (one for every five students) in every classroom.

How do we pay for all those new computers? We rely heavily on the efforts of the Rebel Academic Backers Club through the Silent Auction and the Development Office and the Annual Appeal.

This year's goal is to raise enough money for a new server and software that will enable our system to not only run faster (making parent access to student grades possible for instance) but to allow each student the capability of logging on to the network to complete assignments.

RABC, as well as the faculty and staff, need your support with the Silent Auction. How can you help? Not only do we need our parents to come out and support the auction (as well as the Teurlings All Sports Club \$10,000 raffle) on January 29, but we need your help in preparing for the event. After all, what's an auction if there are no items to auction off? We need each and every family to donate

something to the auction. If you own or manage a business, consider donating a free service or product. The donation is tax deductible! Has someone given you a gift you really do not want or need? Consider donating that! No item is too small, as items are often combined to create some wonderful packages. Don't have an item you feel you can donate? Consider purchasing a gift certificate to a local restaurant for our packages.

Please consider helping RABC and Teurlings with this worthwhile cause. If you have an item to donate or would like to volunteer to help with auction, please call the Silent Auction Committee Coordinator, Judy Viator. She can be reached at 234-5471 during the day (the St. Genevieve Parish office) or let me know here at school (235-5711, Ext. 103). I will be happy to forward the information on to Judy. If you have an item to donate, feel free to send it to school with your student, but please label the item with your name, phone number, address, and an approximate value.

Write Well, Score High

As I'm sure you know by now, Teurlings has initiated a major overhaul of our English curriculum, which includes a focus on writing skills. All our students, grades 9-12 are writing more this year as part of a state grant we received through the 8g Program. The money from the state allowed us to purchase eight laptop computers and a mobile cart to supplement the purchases paid for by RABC. The emphasis on writing will help our students, especially those in grades 9-11, prepare for the new ACT writing test.

Special thanks to **Lacey Broussard** who inspired many with her testimony. Join us for the next Rebel Revival on November 3rd!!!!!!

This past month, the Campus Ministry **Good News class** visited the Evangeline Apartments in downtown Lafayette where they played BINGO and learned many interesting things about the residents. ~ Reminder to all **seniors** applying for scholarships, deadlines begin in November.

~ The next scheduled **ACT test** is on December 11th. Deadline to apply is November 5th. Teurlings is not a testing site for the December test.

~ Mrs. Proctor met with all the **juniors** prior to the Practice SAT. The test was administered on October 13th. The results for the PSAT test should arrive sometime in December. Mrs. Proctor gave each junior a booklet entitled "Getting a Jump Start". Please review this information with your child. There are several suggestions and tips on how juniors can better prepare for their senior year and the important decisions that they will encounter. It is our suggestion that the juniors take the ACT test at least twice this year. The juniors were also given a copy of their TOPS core GPA. We reviewed which courses they are currently enrolled in that will apply toward their TOPS core GPA. They will receive an updated worksheet at the start of their senior year. The overall GPA listed on the report reflects all the courses that they have taken.

~The **PACT/PLAN test results** should arrive in December. These results will be mailed to parents along with the 1st semester report card in January.

An Evening to Remember....

For the past twenty years, the Teurlings All Sports Club (TASC) sponsors a \$10,000 raffle and dance on a Saturday evening in January. Proceeds from this party are allocated for the athletic programs at Teurlings Catholic High School. The athletic program is self-sufficient; it does not receive funds from the operational budget.

In conjunction with the dance, the Rebel Academic Backers Club (RABC) hosts a Silent Auction. Revenue earned by this part of the evening is designated for enhancement of TCH technology. As one can see, teamwork builds success. The event is extremely well attended and highly publicized. Everyone has a great time and most return the following year. Festivities will be held on **January 29, 2005**, Dupuis Center at Brown Park on Pont des Mouton Road.

Food, drink, music and dancing, socializing, FUN, and to top it all, the winning ticket for \$10,000 is drawn. Don't miss the party. Be sure to buy your ticket from TASC today! Cost \$100/couple.

For tickets: Tina in the Athletic Department 235-5711 Ext. 110.

And if you have an item for the auction, please don't hesitate. The more items available, the more exciting the party! **To donate Auction items: Contact Judy Viator (856-7485)** before December 31st in order for it to be printed in the auction catalog.
