THE OFFICIAL NEWSLETTER FOR PARENTS OF  
TEURLINGS CATHOLIC HIGH SCHOOL STUDENTS

O C T O B E R , 2 0 0 5

## From Our Principal...

Our seniors were eighth graders when the tragic events of September 11, 2001, unfolded before their eyes on network television. Surely, we all thought, we had just witnessed the greatest disaster in American history. The aftermath of Hurricane Katrina has taught us our nation's greatest disaster happened just miles from our own doorsteps. Once again, our nation has been called to unite. We have been called to pray for those who lost their lives and are suffering. We have opened our school to those wishing to continue their Catholic education. Our students raised over \$2,500 for the United Way with a Friday jean day, and they collected four truckloads of necessities for the American Red Cross. We are so proud of the way our students reacted and behaved the days following the hurricane.

While our nation came together in a unified stance, TCH Rebels from the ages will gather together as we celebrate Homecoming 2005. The highlight of the Homecoming liturgy will be the participation of twenty-five alumni in the mass. The return of former homecoming queens during the pep rally will add to the excitement and give real meaning to our 50-year anniversary. I hope that you have a chance to witness the enthusiasm and energy that a homecoming brings to a school community. Whether you graduated in 1960 or 2005, you are a Rebel for Christ and a Rebel for life.

October brings the first feelings of fall weather. October also brings the chance for many of our students to improve upon their progress report grades. The first quarter of the school year is just as important academically as the final quarter. Sometimes, a poor first quarter grade can never be overcome. If your child is having problems, please contact his/her teacher. We will hold our annual Teacher-Parent Conference day on Monday, October 17. Teachers will be in classroom from 11:00 a.m. until 7:00 p.m. for private meetings with parents.

At Teurlings Catholic, we do not need to be "called" to pray. When we returned to school following the hurricane on Tuesday, August 30, I was met in my office, before school started, by student body president, Abby Dumatrait. She asked, "What are we going to do?" I was so proud!

## DISCIPLINE

### Terri Baudier - Assistant Principal

#### Student Parking

Our parking lot is full. At this time we are in the process of looking at a few options to add a parking lot and possibly create a new entrance/exit into the back of school. This would alleviate some of the cars going through the front drive. All juniors and seniors and a handful of sophomores who are currently driving received a parking spot. Our goal is to create enough parking space for the students who will need a spot before the end of the school year.

#### Student Drop Off / Pick Up

We still have several parents who are trying to avoid the car line by dropping off or picking up students by the front office. We also have parents hiding their cars in the student lots and faculty lots to avoid the line. Please adhere to the drop off/pick up guidelines, or we will assign the students a Saturday School.

#### Drug Testing

We have begun our drug testing program. Students are randomly chosen by social security numbers to be tested. Students are given the test by the technicians at Lab Express. Parents will be notified of the results by mail within 2-3 days of the test. If further testing is required, it could be up to a week before results are given. Students who are tested because of suspicion can be tested at any

time and will be informed. Parents will be contacted about the suspicious reasons for the test. If any parent wants their child to be tested, please contact me at 235-5711, ext. 102. For more information please read your handbook, pages 52-53.

#### K-12 Planet

Please check your child's discipline record through the K-12 Planet program. I don't call home or send home notes for minor infractions like tardies, gum, or uniform violations, unless they become habitual. Please call if you need any infraction explained (ext. 102).

#### Teasing/Bullying

If your child is getting teased, please call us and let us know. It is very important to us that your child feels safe at school, but more importantly, happy. We can find ways to deal with this, without letting your child know you have called. You owe it to your child to speak up and not remain silent no matter what they tell you. Please also encourage them to come forward on their own, to either the disciplinarian or one of our counselors. This is the first step in helping them to defend themselves. Counselor for grades 9 & 10: ext. 114, for grades 11 & 12: ext. 108, and the disciplinarian: ext. 102. We can't help if we don't know!

## ACADEMICS

### Marty Heintz - Assistant Principal

Welcome to **Lauren Schomaker**, who will teach Physics, Math II, and two Chemistry classes for us until Dominican in New Orleans reopens.

I find myself writing a version of this column every year around the time the first progress reports are issued because, students have their beginning of the year "adjustment" challenges. If your student's grades were not what you wished on the progress report issued Sept. 16, take action, but don't panic! Progress reports, as I tell our students, are just that – progress reports. By the time the progress reports reach your house, the grades have already changed as additional assignments have been recorded. Progress report grades allow you and your student to assess the situation while there is still time to fix problems. In addition, freshmen face the challenge of adjusting to high school and all the changes that come with the exit from the middle school campus; sophomores run into some difficult subjects, and they are more rigorously challenged (i.e., biology and geometry); juniors get the keys to the car for the first time; seniors are already counting down the days to graduation...you get the picture.

What can you, the parent, do if the grades were not as good as you would like?

- Discuss the grade with your student. You might be surprised how honest your child will be, especially if you frequently have these heart-to-heart talks. Your student may honestly tell you he/she didn't turn in some homework, blew off a test, or, as is the case many times, needed a few weeks to adjust to a new schedule, new teachers, and a new school. The comment posted on the progress report for each class by the teacher is another tool for discussion with your student.

- Follow up. Check K-12 Planet and the grades for yourself. If you did not ask for a code for K-12 Planet, contact Anna Proctor, guidance counselor. Grades are updated every other week and you can tell if your student is not turning in assignments and remedy that situation quickly. Not only can you check grades on K-12 Planet, but discipline records are also available.

- Tell your student to approach the teacher after class, at lunch, before school, or after school to find out what he/she can do to improve the grade. This may also be a good time to speak with your child about how to approach a teacher correctly, asking for, not demanding, a good lesson in life skills.

- If the situation does not appear to be improving, contact the teacher. Leave a voice mail for the teacher and allow a day for him/her to respond; with the rotating schedule, some days the teacher has no planning period to return calls. If you have trouble reaching a teacher, leave a voice mail at my extension (103) and I will make sure the teacher gets the message.

- Make sure you see textbooks and work at home. All of our teachers assign homework. EVERY STUDENT SHOULD BE STUDYING FOR TESTS.

- Encourage your child to take advantage of the tutoring sessions many of our teachers hold prior to tests. In addition to the after-school assistance offered by math teachers, this year the math department is also providing, for a small fee, regular math sessions after school. Last year parents asked for math tutoring, as math is an area where many students fall behind. Information on these math sessions is listed below and may be obtained from the math teacher.

- Make sure your student is taking advantage of all resources open to him/her. Your student can also speak with the guidance counselor (Mrs. Proctor for grades 11-12 and Coach Milton Rohm for grades 9-10) for help in developing good study habits.

Above all, hard work and study cure most academic problems.

#### Katrina Relief Efforts

After the tragedy of Hurricane Katrina our hearts ached for the victims who were directly affected. With hearts of compassion and faith, our TCH family came together to help. Each class brought in necessities, such as water, baby food, diapers, toothpaste, toothbrushes, and various toiletries. Four truckloads of these items were sent to the Red Cross and Our Lady of Fatima to be distributed to area shelters and to the Cajundome. Also, on September 16<sup>th</sup>, a jean day was held for all students & faculty. As a result, a donation of \$2,915.65 was given to the United Way.

## WELCOME TO ALL NEW STUDENTS FROM THE NEW ORLEANS AREA!

*Email received September 2, 2005*

Hey there, Mr. Boyer -

I just heard the news from my mom that Blake DeLarge will be attending TCH now that she and her family have been displaced due to the devastation brought on by Katrina. I just wanted to extend my sincere gratitude to you and the TCH administration for opening your doors and your hearts to the DeLarge family. Teurlings truly provides the best family environment out of all the schools in the Acadiana area. You have no idea of how proud I am to say that I am affiliated with TCH. Please extend my well-wishes on to...the rest of the staff. You guys are always in my heart!

Best,
